TODAY'S THEME: ROBOTS ON THE MOON

Moon Rover Day! Biscuit Wants a Ride

On this day in 1970, the first robot rover rolled across the Moon. Drivers steered it all the way from Earth! Biscuit says he'd chase it anyway.

🎉 **Shout-out!** Maya scored her first soccer goal! Biscuit is telling every dog at the park.

"Biscuit barked at the lunar rover like it was a squirrel."

🔬 Whoa, science!

The Moon has no wind, so astronaut footprints up there could last for millions of years!
